

REMARKS

Request for Reconsideration

Applicants have carefully considered the matters raised by the Examiner in the Office Communication dated September 12, 2005 but remain of the opinion that patentable subject matter is present. Applicants respectfully request reconsideration of the Examiner's position based on the new set of claims and the following remarks.

Claim Amendments

In the Office Action, Claim 28 had been objected to as not properly reflecting Claim 28 as it was examined in the Office Action of July 1, 2005. Specifically, a . in the phrase "SEQ ID. No: 1" does not properly reflect the deletion of the . . Additionally, deletion of the . and insertion of the full : after "No".

Thus, it is respectfully submitted that all of the claims properly designate and reflect the amendments vis-à-vis the claims as examined in the Office Action of July 1, 2004.

Conclusion

Should any extensions of time or fees be necessary in order to maintain this Application in pending condition, appropriate requests are hereby made and authorization is given to debit account # 02-2275.

Respectfully submitted,
